IN BILL JOTHAM'S WONDERFUL WORLD OF GOLF

- He hits a two acre fairway 10% of the time, and a 2" branch 90% of the time!
- The shortest distance between any two points on a golf course passes directly through the center of a tree.
- He gets many invitations to play golf because a good golf partner is always slightly worse than you are.

PREVIOUS MEETING *By Ron Rayevich*

Aren't we lucky to live in such a beautiful area with so many cultural amenities! **Alex Suczewski**, Marketing Director of the Asolo Repertory Theatre, reminded us of just how fortunate we are to have so many live performing theaters. The Asolo Rep, the State Theater of Florida, is one of the largest in the Southeast (after Atlanta) and as a repertory theater can have as many as four different performances occurring in any single week. Alex gave us the line-up of shows for the coming 2016-17 seasons which begins with another big musical, *Guys and Dolls*, but also includes *The Originalist*, *Born Yesterday*, *Three Little Foxes*, and *Beatsville*, plus several other fascinating plays. This is the fourth year in a five year series of the American Character Project which attempts through theatrical performances to demonstrate who we are as Americans. Thanks, Alex, for reminding us of what a treasure we have in the Asolo Rep.
