**DR. JACK LEFROCK RECEIVED
RECOGNITION FOR BECOMING A MAJOR
DONOR TO THE ROTARY FOUNDATION**

CITIZEN OF THE YEAR

The Rotary Club of Sarasota's Citizen of the Year Award recognizes a non-Rotarian who has given lifelong humanitarian efforts and contributions to the Sarasota community. To be eligible, the individual must live and/or work in Sarasota, and must have exemplified the Rotary creed of "Service above Self" as a lifetime achievement, not as a single significant service. The individual must have influenced or aided in the advancement of a community ideal, such as education, charity, civic cooperation, beautification, patriotism or other cause. Even though his lifetime has been relatively short compared to many of us Rotarians, the club is proud to present this award to Nate Brown, Director of the Roy McBean Center, Sarasota Boys and Girls Club.

2016 GIVING CHALLENGE

NOON SEPT 20—NOON SEPT 21

PREVIOUS MEETING *By Ron Rayevich*

I must admit that I have never heard of **Neuro Challenge Foundation for Parkinson's** before **Sara Weinberg** and **Jennifer Williams** presented what this organization does for the 3000 patients they serve in Sarasota and Manatee Counties. While we all know the terror that Parkinson's Disease presents to those (average age of 62) who contract the illness, the Neuro Challenge Foundation is here to bring them hope. The Foundation offers a variety of educational programs on diet, nutrition, and exercise, as well as support groups and care advisors. It also brings periodic symposiums to the area to demonstrate the best in technology and medicine relating to the disease. A total of 9000 individuals within our the two counties are impacted by Parkinson's Disease, making it the second largest neuro disease after Alzheimer's. Thanks to Sara and Jennifer for sharing their knowledge and insights with us and offering assistance to those affected by this terrible disease.
